

# Glen Canyon Dam Adaptive Management Program Wiki

*A one-stop shop for information*

## What is the GCDAMP Wiki?

A searchable site where stakeholders can find, share and understand program-related information.

The site provides:

- Administrative history
- Records of decision-making processes
- Interviews and biographies
- Links to information available on public sites
- Forums to share research and perspectives

## Key Wiki Pages

AMWG	Sediment
TWG	HFEs
Budget & TWP	LTEMP
Meeting info	TMFs
AdHoc Groups	Bugflows
Non-Native Fish EA	Aeolian sand
Green sunfish	Nutrients
Brown trout	PEPs
Rainbow trout	Operations
Humpback chub	Hydrology
Razorback sucker	Knowledge assessments

## To contribute content:

- Click on "Upload File" on the main page
- Attach document or file
- Add a description and comments for where you would like the file posted
- Click "Submit File"
- Each contribution is reviewed and posted by a Wiki Administrator
